Healthiest Greenfield Coalition Newsletter

Hello!

Thank you for your time and dedication to creating a healthier future for Greenfield. We are very excited to meet you and work with you in the three priority areas.

Our first meeting was a success because of all of you! For those who were unable to join us, we look forward to seeing you at upcoming meetings. Our ask was for everyone interested in a subcommittee to please share their time preferences and nominations for each committee. For details, please see the meeting minutes.

Please be on the lookout for details regarding nominations and meetings in the coming weeks. We are hoping to send out more concrete plans come end of February.

If you have any questions, please feel free to reach out to:

Warm regards,
